

Summary

Avant-propos	XI
Synthesis	1
Analysis	17
Effects on cardiovascular morbidity and mortality	17
1 Cardiovascular morbidity and mortality in postmenopausal women	20
2 Cardiovascular morbidity and mortality in postmenopausal women on HRT	27
Effects on lipid metabolism	39
3 Changes in lipid metabolism in postmenopausal women	41
4 Influence of HRT on lipid metabolism	51
5 Plasma lipids, lipoproteins and protocols of postmenopausal HRT ..	63
Effects on vascular system	79
6 Estrogens and the arterial wall	81
7 Vascular system and protocols of postmenopausal HRT	109
Effects on hemostasis	137
8 Estrogens and hemostasis	139
9 Hemostasis in postmenopausal women	145
10 Hemostasis in postmenopausal women on HRT	151
11 Hemostasis and protocols of postmenopausal HRT	161
Effects on others parameters of cardiovascular risk	175
12 Blood pressure, diabetes and BMI in postmenopausal women	177
13 Blood pressure, diabetes and BMI in postmenopausal women on HRT	195
14 Blood pressure and protocols of postmenopausal HRT	209
Pharmacokinetics of estrogen and progestogen	219
15 Pharmacokinetics of HRT according to the compound and route of administration	221
Update	231
16 Estradiol and the vascular wall (additive 1998-2000)	233
17 Effects on cardiovascular morbidity and mortality (additive 1998-2000)	237
Annexes	243
